2. If a student is bringing a date from outside the HCA student body, it is the HCA student's responsibility to sign a contract and communicate the guidelines to their outside dates.
3. This is a 9th-12th grade event only, therefore no junior high dates, high school graduates, or individuals not enrolled in any school (recent Harvest graduates will be approved on a case-by-case basis)
4. All students attending the event will stay until it is officially over, unless we have written authorization from a parent giving a time of early departure. Students must stay in the building for the entire event.
5. All females (including guests from outside HCA) must bring their dress to campus to try on for approval.
 - ***Keep in mind that most gowns/dresses of this nature are often not returnable. Use good judgement when purchasing your dress.***
 - ***Leave plenty of time for alternations before the event, in case they are required by administration. The student will be asked to try the dress on again after alterations are completed.***
 - ***Many students have found that buying 2-3 dresses (that are all returnable) is helpful for quick approval***
6. As specified in our handbook, administration has the final say and can use their discretion when approving or rejecting a dress for an event.
7. Students wearing dresses that have not been pre-approved by HCA administration will not be permitted to enter the event.
